APPROVED FOR AGENDA BY: Victor M. Carrillo, City Manager

RECOMMENDATION: It is recommended the City Council approve the following:
Authorize City Manager to execute an agreement with Dynamics Consulting Engineers, Inc. to provide engineering consultant services for the completion of the survey and design of the Cole Road and Second Avenue Street Rehabilitation Projects.

FISCAL IMPACT: \$41,950.00 (Measure "D" Funding)

BACKGROUND INFORMATION: (Prior action/information)

The Imperial County Transportation Commission approved a list of projects for the region to utilize the three funding sources announced under ARRA II –Jobs for Main Street Act of 2010. The City of Calexico is proposing two "90 Day Shovel Ready Projects:"

The first project is the Street Rehabilitation of Cole Road from near M.L. King Blvd. to Near Rockwood Avenue. The estimated construction amount of this project is \$715,000. The City is expecting to receive funding for the construction of this project from the ARRA II-Regional Surface Transportation Program (RSTP) in the amount of \$452,934. The Second Project is the Street Rehabilitation of Second Street from SR 111 to E. Rivera Avenue. The estimated construction amount of this project is \$1,300,000. The City is expecting to receive funding for the construction of this project from the ARRA II-State Transportation Improvement Program (STIP) in the amount of \$1,300,000. The funding is subject to the approval of the Congress. As part of the requirements for the subject projects the City must obtain approval for funding obligation and be ready for construction within 90 days. In order meet this deadline the City must have the design, plans and specifications completed within 30 days.

DISCUSSION (Current consideration):

Based on the City Council pre-approved list of consultants for "On Call Professional Engineering Services" and its qualifications, City staff recommends Dynamics Consulting Engineers, Inc. as the engineering consultant firm for the subject projects. Due to the time constraints, it is essential that the City Council approve the recommendation set forth in order to avoid losing said funding.
